Computer literacy Wikipedia

Computer literacy can also refer to the comfort level someone has with using computer programs and other applications that are associated with computers. Another valuable component is understanding how computers work and operate. Computer literacy may be distinguished from computer programming which is design and coding of computer programs rather than familiarity and skill in their use.

What does 'computer literacy skills' mean Quora

The meaning of computer literacy skills has evolved with technology. I remember computer classes in primary school, back in the early 1990 s, consisted of typing exercises, using floppy disks and playing Where in the World is Carmen Sandiego? When my younger brother was in high school, in the late 1990s, he was learning to build websites with HTML and CSS.
